

Tenancy Policy

1. Aim and scope of policy

This policy sets out the types of tenancy we will offer in accordance with our regulatory responsibilities and those of a social housing provider. This covers our general needs, older persons, supported, intermediate and market rented homes and our garages.

2. Scope of policy

- To grant tenancies which are compatible with the purpose of the accommodation, the needs of the household and the sustainability of the community.
- To maximise use of housing stock and to ensure compliance with the requirements set out in the Regulatory Framework for Social Housing in England.

All staff within the customer services and support teams will be aware of this policy.

3. Policy statement

We'll support our local authority partners and other agencies in meeting local housing strategies and will be responsive to the needs and expectations of our customers.

Sometimes we may use our discretion and act outside of this policy. If we do, it will be within the spirit of the policy, decisions will be clearly documented and only with senior manager approval.

4. Policy

We have outlined in appendix 1 the types of tenancy and the circumstances when we will issue them. We treat all our new and existing customers fairly and protect our existing customers and the interests of the organisation by using the following principles:

Social and affordable homes

- We'll issue assured tenancies to our existing and new customers.
- We'll ensure any customers with protected rights retain these rights.

Market rent and intermediate market rented homes

- We'll issue assured shorthold tenancies.
- Where we manage market rented properties for other organisations, we will offer tenancies in line with their requirements.

Hostels and temporary accommodation

- We'll offer licences for our supported and temporary accommodation where there are shared facilities or where the homes are provided to meet the local authority's homelessness obligations. If the supported home or homeless hostel is self-contained, a non-contractual tenancy will be offered.

Decant arrangements

- Where customers need to be moved from their main home into another VIVID property, on a temporary basis following damage to the home or to undertake critical repairs, we will offer a decant licence for the period they are displaced.

Garages

- We'll offer licences for all our garages

5. Rents

Rents will be set following the guidelines laid out in our Rent Strategy.

6. Mutual Exchange

Assured, protected assured and secure tenants have the right to exchange their tenancy with any other tenant of a housing association or local authority, in accordance with their tenancy agreement unless special exceptions apply.

7. Exceptional circumstances

We work with local authority partners when we let our homes and they may request that different types of tenancy are issued to reflect the needs of the individual. This will be agreed in conjunction with the local authority and the Lettings Manager or Customer Services Director

From time to time, we may support local authorities with Government initiatives to provide homes to certain groups of customers like refugees. We will issue tenancies in line with any specific requirements to fulfil those projects.

We will comply with any instructions from the county court following legal action. An example may include assigning joint tenancies.

Joint tenancies are usually only issued to different or same sex partners who are in a relationship. Occasionally we will be asked to consider issuing a joint tenancy to siblings or cross generations – e.g. mother and daughter. This will be considered on a case-by-case basis taking the individual circumstances into account.

We reserve the right to issue tenancies outside the principles and guidance of this policy where there are grounds to do so. This can only be approved by the Lettings Manager or Customer Services Director and reasons will be clearly documented.

8. The right to buy, right to acquire and Rent to Buy

Existing customers who previously held a tenancy with Basingstoke and Deane Borough Council, Eastleigh Borough Council, Hart District Council and Rushmoor Borough Council may have retained the right to buy their homes. Customers who have this retained right can apply to buy their home subject to meeting the necessary criteria.

Some existing customers may have the right to purchase their home under the right to acquire scheme subject to the criteria detailed in appendix 3.

Some homes are let under the Rent to Buy scheme which allows the tenant to rent the property by offering a fixed term tenancy at an intermediate market rent for 5 years, enabling them to save the other 20% for a deposit which they can use to purchase that property via the shared ownership route.

9. Statutory requirements
